## CENERAL INFORMATION

**CLEANING INSTRUCTIONS** - Use a damp chamois to clean crystals. **DO NOT USE** any chemical cleaners, abrasives, alcohol sprays, or metal polishing solutions to clean crystal. Do not clean the crystals in a dishwasher. It could damage the finish on the hanging pins.

When unpacking the crystals, make sure that the crystal connections are very secure before hanging on the fixture, to ensure they do not accidentally fall break.

**CAUTION** - Make sure that your hands are clean and very dry. There should be no oil, lotion, or moisture on your hands when touching the crystals, or the crystal will be soiled and lose its luster. Thin clean cotton gloves are recommended to handle crystals if available.

## HANGING INSTRUCTIONS

1. Reference illustration above for correct crystal location according to part number.
2. Slide Hanging Pin located on the crystal through the Pin Hole on the fixture. Using a pair of small needle nose pliers, and form a tiny loop on the end of the pin.
3. Allow the tiny loop on the Hanging Pin to rest on top of the Pin Hole. Turn crystal to desired position. Repeat this process for every crystal prism requiring to be hung.
